

Faculty Qualifications

Revised: September 2019

San Joaquin Valley College

STATEMENT OF PURPOSE

Minimum faculty qualifications at **San Joaquin Valley College** establish standards which will assure that faculty are qualified by academic background and experience to carry out their institutional and program responsibilities and their potential to contribute to the mission and goals of the college.

While teaching effectiveness is the principal criterion for the selection of teaching faculty, knowledge of the subject matter or service to be performed is the foundation. Discipline expertise is essential as faculty members are responsible for curriculum development and assessment of student learning through the Program Review process.

San Joaquin Valley College is dedicated to providing educational programs which meet the highest standards of quality and provide the training and skills required to compete in today's workforce. Trained, competent, and professional faculty are the first step in achieving this goal.

AREA OF INSTRUCTION

This listing is intended as an "overview" of the minimum requirements for faculty in the various programs. Faculty teaching the core courses as part of a certificate program are expected to have an associate degree. Those teaching in the degree programs are expected to have one degree higher than the degree offered. For faculty determined to be competent by a combination of education, certification, skill, and experience, a Justification Report may be filed and approved by the Director of Instruction.

BACKGROUND CHECK REQUIREMENTS

All persons employed by SJVC are subject to institutional requirements for background checks, at a minimum to include the following: Criminal Search, Education Verification, and Motor Vehicle Records. The College also conducts drug screens, physical exams, TB tests and any other required exam(s) at post-offer and pre-employment for designated positions.
