1. What is PICC?

PICC can also be called Carrier Line Charge. The Federal Communications Commission (FCC) mandated that all long distance companies pay the local telephone company a monthly PICC on most of your telephone lines. This charge is passed to you and may increase or decrease from time to time.

2. What is the Federal Universal Service Fund Surcharge?

Federal Universal Service Fund Surcharge is the recovery of the amount due to the Federal Universal Service Fund. Universal service is a Federal Communications Commission (FCC) program designed to ensure affordable access to telecommunications services to low-income customers, rural areas, school and libraries, and rural healthcare facilities. The Federal Universal Service Fund was established by Congress in order to promote and encourage telecommunications infrastructure and service availability nationwide. All telecommunications providers that offer interstate and international voice and data, private line, directory assistance and other regulated services in the United States are required by the FCC to contribute on an equitable and nondiscriminatory basis to the Federal Universal Service Fund.

3. What is the Cost Recovery Fee?

A Cost Recovery Fee allows CenturyLink to recover regulatory fees and expenses incurred by CenturyLink such as FCC regulatory fees, federal regulatory fees to fund programs, various State Public Utilities Commission (PUC) fees, various state business licenses, and various state annual regulatory fees.

4. What is the Property Surcharge?

A Property Surcharge allows CenturyLink to recover a portion of the property tax it pays to state and local jurisdictions.

5. What is the customer portal?

The customer portal provides you with convenient and secure billing options. You can:

- View, download and analyze your CenturyLink invoices
- Pay your invoices easily online with the option to set up recurring payments
- Submit and manage billing inquiries, disputes and requests
- Create standard and custom reports
- "Go green" by turning off your paper invoice

Need access to the portal? Visit www.centurylink.com/business/login for more information on how to register. For any questions related to the portal, email PortalAccess@centurylink.com or call 877-453-8353.

6. When is my invoice available online?

You can view your invoice in the customer portal approximately 3 to 5 days after your Invoice Date. Your Invoice Date is shown on the top right corner of your invoice.

7. What is a Prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

8. When is my invoice due?

Your invoice is due upon receipt unless payment terms are specifically identified in your Master Services Agreement. If the total amount is not paid on time, your account is considered past due. Failure to pay a past due amount is considered a material breach of contract and may result in suspension of service and subsequent termination of your service contract.

Level 3 Communications, LLC is a disregarded entity for U.S. federal tax purposes into Level 3 Financing, Inc. Federal Tax Id 47-0735805

9. How will credits appear on my invoice?

Credits will appear in the Credits section of the invoice. Credits are identified with brackets surrounding the amount.

10. What is a Payphone Surcharge?

The Payphone Surcharge compensates the payphone owner for the use of their phones. This surcharge is mandated by the FCC and applies to all completed calls placed from a payphone when using toll-free numbers or any similar access codes. These calls are identified with a "H" next to the call amount in the Usage Detail section.

11. What is a Minimum Usage Charge?

A Minimum Usage Charge is the difference between your monthly usage guarantee, as agreed upon in your Service Contract, and your monthly usage plus applicable monthly recurring charges. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

12. How do I submit a dispute?

If you have any questions or concerns about your invoice, please contact the Billing Inquiry Department at 877-453-8353, through the customer portal or Care.inquiry@centurylink.com. CenturyLink must be notified and receive a written explanation for the disputed charges within 30 days of the due date. The written explanation of the dispute must include the following information:

- Account name and number
- Date of invoice
- Amount of disputed charges
- Type of disputed charges
- Reason charges are being disputed

Upon our receipt of such notification and written explanation, we will begin investigating the reason the charges are being disputed. Any unpaid charges will accrue late fees and the settlement of the late fees will be addressed upon the resolution of the disputed charges.

13. How do I submit a disconnect request?

Customer initiated disconnect requests can be submitted through www.centurylink.com/business/login or www.centurylink.com/business/help/customer-center/requesting-disconnects.html. Go to Products & Services > Order Status to submit your new request. The service(s) you request to be disconnected will have an estimated Bill Stop Date of 30 days from the received date of the request unless the requested date is greater than 30 days from the received date or your contract states otherwise. Any subsequent requests for assistance or questions can be emailed directly to disconnects@centurylink.com.
