

Train to code and process insurance claims Medical Billing & Coding

SJVC's online Medical Billing and Coding program trains students to work on the administrative side of healthcare.

Students prepare for positions in a medical office environment and can choose the credential level that best meets their needs and career goals.

Training Today for a Better Tomorrow

Hands-On Training

Students Learn:

- Medical insurance principles and insurance claims management
- Diagnostic and procedural medical coding
- Structural anatomy and medical terminology
- Foundational office skills and effective communication tactics

Professional Certifications

Graduates earn a Certificate of Completion or an Associate of Science degree and are eligible to take the Certified Professional Coders (CPC) exam administered by the American Academy of Professional Coders (AAPC). Graduates also earn certificates in typing, HIPAA compliance, and CPR/First Aid (BLS-HCP).

Career Information

Well-trained Medical Billing and Coding personnel can work for hospitals, insurance companies, medical and dental offices, healthcare clinics and more. These technicians perform the following job duties:

- Review patient records for accuracy, regulatory compliance
- Code and process patient insurance claims
- Protect the confidentiality of patient medical records
- Assign patient to diagnosis-related groups, using the appropriate computer software
