PHARMACY TECHNOLOGY CERTIFICATE TOTAL		36.0

Continue Your Education

Graduates of the Pharmacy Technology certificate program who wish to continue their education can pursue an associate degree in Health Studies.

SJVC's Health Studies program may be completed in 25 weeks.

The Health Studies Associate of Science Degree affords excellent opportunities for professional growth and development through instruction in general education coursework designed to produce the competencies of higher education that employers expect of college graduates.

Institutional Accreditation

San Joaquin Valley College is accredited by the WASC Senior College and University Commission (WSCUC), 1080 Marina Village Parkway, Suite 500, Alameda, CA 94501, (510)748-9001 (<https://www.wscuc.org>). The WSCUC is an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

California State Approval

SJVC is a private institution and is approved to operate as an accredited institution by the California Bureau of Private Postsecondary Education (BPPE). Approval to operate means that SJVC has been found in compliance with the standards set forth in the California Private Postsecondary Education Act of 2009 (as amended) and Title 5, Division 7.5, - Private Postsecondary Education of the California Code of Regulations. As a prospective student, you are encouraged to review the catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

Consumer Information

San Joaquin Valley College publishes important consumer information for all programs and campus locations. For comprehensive consumer information, visit [consumerinfo.sjvc.edu](https://www.sjvc.edu/consumerinfo).

Train for a rewarding career as a

Pharmacy Technician

SJVC's Pharmacy Technology program prepares students to work under the direct supervision of a Registered Pharmacist as part of a team responsible for carrying out a doctor's pharmaceutical orders.

Pharmacy Technicians assist in the various activities of compounding, distributing and dispensing of medications. They are trained to measure, mix, count out, label, and record amounts and dosages of medications according to prescription orders.

Training includes a balance of classroom and lab instruction, as well as an externship component, which allows students experiential learning in an actual clinical environment.

Your trusted source for hands-on training.

SJVC excels at in-person, hands-on learning in high tech laboratory environments that will enable you to transition to a career with real-world experience.

Students Learn:

- Foundational Pharmacy Technician competencies
- Pharmacy laws, ethics, and regulations
- Processing prescriptions and medical orders
- Sterile and non-sterile compounding
- Pharmacy billing and computer system applications
- Application of communication concepts, critical analysis, and ethics for interpersonal interactions
- Professional appearance and attitude

*See college catalog for complete student learning outcomes for this program.

At SJVC, we value:

- Integrity
- Family
- Professionalism
- Communication
- Diversity
- Success

Credential and Professional Certifications

Graduates earn a Certificate of Completion in Pharmacy Technology and are eligible to apply for licensure with the California State Board of Pharmacy. Students qualify to take the Pharmacy Technician Certification Exam (PTCE) upon successful completion of practice exams administered during their course of study and with the approval of the Pharmacy Liaison. Students also earn their HIPAA Certification.

State Licensure

Graduates are eligible to apply for licensure with the California State Board of Pharmacy providing they meet the requirements as specified by the Board, including a Department of Justice criminal background check and databank query to determine if an act has been committed that constitutes grounds for denial of licensure. This license is required in the State of California for employment as a pharmacy technician.

Admissions Requirements

- High School diploma or equivalent
- Wonderlic SLE assessment score of 12 or higher

Applicants must have reliable plans for transportation, child care and time to devote to school work outside of scheduled class hours.

See the SJVC College Catalog for additional information on institutional admission requirements.

Career Opportunities

A well-trained pharmacy technician can expect to work in a professional environment as an integral part of a health care team. These skilled technicians typically perform the following job duties:

- Mix pharmaceutical preparations according to written prescriptions
- Add measured drugs or nutrients to IV solutions under sterile conditions
- Transfer medication from vials to the appropriate number of sterile, disposable syringes
- Compute charges for medication dispensed to hospital patients
- Prepare and process medical insurance claim forms and records
- Inform supervisors of stock need and shortages

SJVC prepares students to take appropriate certification and licensure exams related to their individual majors. The College does not guarantee students will successfully pass these exams or be certified or licensed as a result of completing the program.
