

Care for others in a rewarding medical career

Registered Nursing

SJVC's Registered Nursing (RN) program prepares students to work as a registered nurse in the health care delivery system.

The RN program is delivered over the course of four 20-week terms (a term is comparable to a semester) of nursing coursework, with a one-week break between the first three terms. At the end of the program, students will participate in a 3-day live review with ATI and final proctored comprehensive exam, for a total program length of 84 weeks.

Hands-On Training

Students Learn:

- Nursing sciences to provide optimal health care for patients from diverse backgrounds
- Comprehensive plan of care using the nursing process
- Role integration of professional nursing into clinical practice
- Psychological and cultural knowledge skills as it pertains to nursing
- Inter- and intra-professional communication and collaboration skills
- Patient data interpretation to support clinical judgment
- Electronic media and medical technology to provide quality care
- Leadership skills to delegate and supervise healthcare team members

Credentials and Professional Certifications

Graduates earn an Associate of Science Degree in Nursing (ADN) and are eligible to apply to the California Board of Registered Nursing to sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN), a requirement for practice as a registered nurse.

SJVC prepares students to take appropriate certification and licensure exams related to their individual majors. The College does not guarantee students will successfully pass these exams or be certified or licensed as a result of completing the program.

San Joaquin Valley College's RN program is approved by the California Board of Registered Nursing (BRN).

Application Process

Prospective students are responsible for providing proof of admission requirements and submitting additional required documents related to the application process. When a complete application file is received, the applicant takes entrance assessment exams and writes a personal goal statement. Final selection is based on points earned in the admission process.

Qualified candidates will be considered for an invitation to interview with the selection committee.

Career Opportunities

Registered nurses work in hospitals, private practices, clinics, and home care agencies, and perform the following job duties:

- Perform physical exams and health histories
- Provide and coordinate patient care
- Provide health promotion, counseling and education
- Direct and supervise care delivered by other healthcare personnel
