

Bachelor of Science in Respiratory Therapy

SJVC's Bachelor of Science in Respiratory Therapy program may be completed in 65 weeks. This is a bridge program requiring completion of a lower-level degree prior to enrolling, and is designed for Registered Respiratory Therapists who want to advance their career and who have earned an associate of science degree from an institution of higher learning accredited by an agency that is recognized by the United States Department of Education. The Bachelor of Science Degree in Respiratory Therapy affords excellent opportunities for professional growth and development with the necessary education in leadership, education, research and critical care.

Students Learn:

- **Demonstrate** effective communication and presentation skills for diverse audiences.
- **Critically** evaluate information from multiple sources for application in professional settings.
- **Apply** current research and data interpretation techniques to identify and evaluate solutions for emergent issues impacting the profession.
- **Assess** respiratory therapy role effectiveness as it applies to professional behavior and continuous quality and technological improvement.
- **Utilize** evidence-based practice to evaluate, interpret, and recommend appropriate therapeutic intervention.

Admissions Requirements

To be considered for admission to the Respiratory Therapy program, applicants must meet the following requirements:

- Hold an Associate of Science Degree in Respiratory Therapy, awarded by a regionally or nationally accredited institution with a CoARC or CAAHEP accredited program
- Successful completion of a minimum of 70.0 units of lower division courses (may include lower division respiratory therapy coursework)
- Hold a current credential as a Registered Respiratory Therapist (RRT), and current unencumbered licensure as a Respiratory Care Practitioner (RCP) in California or in the state of current employment
