

Bachelor of Science in Health Care Management

SJVC's Bachelor of Science Degree in Health Care Management may be completed in 75 weeks. This is a bridge program requiring completion of a lower-level degree prior to enrolling, and is designed for healthcare professionals who want to advance their career and who have earned an associate of science degree from an institution of higher learning accredited by an agency that is recognized by the United States Department of Education. The Bachelor of Science Degree in Health Care Management affords excellent opportunities for professional growth and development with education in leadership and management, finance, and human resources.

Students Learn:

- **Demonstrate** effective communication and presentation skills for diverse audiences.
- **Critically** evaluate information from multiple sources for application in professional settings.
- **Apply** current research and data interpretation techniques to identify and evaluate solutions for emergent issues impacting the profession.
- **Apply** strategic planning decision-making to improve outcomes in health care organizations.
- **Analyze** the role of leadership in the health care delivery system, including operational and financial aspects.

Admissions Requirements

To be considered for admission to the Health Care Management program, applicants must meet the following requirements:

- Hold an Associate of Science in a health profession and related clinical sciences, or business administration, management and operations* field from an institution of higher learning accredited by an agency that is recognized by the United States Department of Education.

(*A full list of applicable program areas can be found on the National Center for Education Statistics Classification of Instruction Programs listed under Codes 51, 52.02, and 52.10 at <https://nces.ed.gov/ipeds/cipcode/browse.aspx?y=55>)

- Have successfully completed a minimum of 60.0 units of lower-division coursework
