

Bachelor of Science in Dental Hygiene

SJVC's Bachelor of Science in Dental Hygiene program may be completed in 50 weeks. This is a bridge program requiring completion of a lower-level degree prior to enrolling, and is designed for Registered Dental Hygienists having graduated from a CODA-accredited associate degree Dental Hygiene program who want to advance their career. The Bachelor of Science Degree in Dental Hygiene affords excellent opportunities for professional growth and development with education in leadership, education, and research. Upon program completion, you'll be able to demonstrate effective communication skills, evaluate and apply information from multiple sources, use current research and data interpretation techniques to evaluate solutions for emergent issues, and apply decision-making to enhance patient-centered care.

Students Learn:

- **Demonstrate** effective communication and presentation skills for diverse audiences.
- **Critically** evaluate information from multiple sources for application in professional settings.
- **Apply** current research and data interpretation techniques to identify and evaluate solutions for emergent issues impacting the profession.
- **Apply** critical thinking and evidence-based decision-making in dental hygiene education and health promotion.
- **Utilize** interprofessional collaboration to enhance patient-centered care.

Admissions Requirements

To be considered for admission to the Dental Hygiene program, applicants must meet the following requirements:

- Hold an Associate of Science degree in Dental Hygiene from a CODA-accredited program from a regionally or nationally accredited institution
- Successful completion of a minimum of 77.0 units of lower-division courses (includes courses from Associate Degree program and general education prerequisites prior to entering the AS program)
- Hold a current, unencumbered credential licensure as a Registered Dental Hygienist (RDH) in California or in the state of current employment
