CORE COURSE REQUIREMENTS

COURSE ID	COURSE NAME	CREDIT UNITS
MT 101	Power Transmission	5.0
MT 102	Industrial Electricity	10.0
MT 103	Fluid Power	5.0
MT 104	Programmable Logic Controllers	10.0
CERTIFICATE TOTAL		30.0

Continue Your Education

Graduates of the Maintenance Technician certificate program who wish to continue their education can pursue an associate degree in Trades Studies. SJVC's Trades Studies program may be completed in 25 weeks.

The Trades Studies Associate of Science Degree affords excellent opportunities for professional growth and development through instruction in general education coursework designed to produce the competencies of higher education that employers expect of college graduates.

Program availability varies by campus location. Please see the catalog for details.

Institutional Accreditation

San Joaquin Valley College is accredited by the WASC Senior College and University Commission (WSCUC), 1080 Marina Village Parkway, Suite 500, Alameda, CA 94501, (510)748-9001 (<https://www.wscuc.org>). The WSCUC is an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

California State Approval

SJVC is a private institution and is approved to operate as an accredited institution by the California Bureau of Private Postsecondary Education (BPPE). Approval to operate means that SJVC has been found in compliance with the standards set forth in the California Private Postsecondary Education Act of 2009 (as amended) and Title 5, Division 7.5, - Private Postsecondary Education of the California Code of Regulations. As a prospective student, you are encouraged to review the catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

Consumer Information

San Joaquin Valley College publishes important consumer information for all programs and campus locations. For comprehensive consumer information, visit consumerinfo.sjvc.edu.

Train for a rewarding career as a

Maintenance
Technician

SJVC's Maintenance Technician (MTech) program is designed to provide fundamental, hands-on training of industrial systems and equipment.

Students will study and master the basic principles, applications, concepts, and functions of hydraulic systems, bearing and seal types, and power transmission components with an emphasis on performing the following:

- Install & diagnose programmable logic controllers
- Install & maintain valves, actuators, and bearing
- Operate & repair hydraulic and bearing systems

Your trusted source for hands-on training.

SJVC excels at in-person, hands-on learning in high tech laboratory environments that will enable you to transition to a career with real-world experience.

Students Learn:*

- Application of basic concepts of electrical theory/motor control
- Operation and maintenance of machinery and components: bearings, gear systems, shaft joining and coupling devices
- Advanced hydraulic maintenance and systems operation
- Programming, installation, and diagnostics on programmable logic controllers (PLCs)
- Computer hardware and software applications
- Communication concepts, critical analysis, and ethical behavior appropriate to interpersonal and professional interactions
- Professional appearance and attitude

*See college catalog for complete student learning outcomes for this program.

At SJVC, we value:

Integrity
Family
Professionalism
Communication
Diversity
Success

Credential and Professional Certifications

Graduates earn a Certificate of Completion.

Practical instruction is performed with industry standard equipment and software. On the job, you can expect to:

- Install or replace machinery, equipment, and new or replacement parts and instruments, using hand or power tools
- Examine and test machinery, equipment, components, and parts for defects to ensure proper functioning
- Tend and observe equipment and machinery to verify efficient and safe operation

- Adjust, connect, or disconnect wiring, piping, tubing, and other parts, using hand or power tools
- Clean or lubricate vehicles, machinery, equipment, instruments, tools, work areas, and other objects, using hand tools, power tools, and cleaning equipment

Admissions Requirements

- ☐ High School diploma or equivalent
- ☐ Wonderlic SLE assessment score of 14 or higher
- ☐ Valid California driver license

Applicants must have reliable plans for transportation, child care and time to devote to school work outside of scheduled class hours.

See the SJVC College Catalog for additional information on institutional admission requirements.

Career Opportunities*

With SJVC's hands-on approach to training, graduates are qualified to go right to work in a variety of commercial and manufacturing settings. Examples of job titles are:

- Maintenance Technician
- Repair Technician
- Machine Technician
- Machine Operator
- Maintenance Aide
