

Care for animals in a rewarding career Veterinary Assistant

SJVC's Veterinary Assistant program prepares students with the skills to help animals when they need it most. This in-depth training covers animal patient care including lab tests, radiology, and surgical procedures. At SJVC, students will have the opportunity to gain the hands-on skills and professionalism required to become successful Veterinary Assistants.

Veterinary Assistants are prepared to carry out multiple tasks in an animal hospital, clinic or veterinary reception environment. They may perform laboratory tests, administer vaccines, monitor anesthesia, assist in surgery, take x-rays, medicate and care for patients, and maintain hospital cleanliness.

Training Today for a Better Tomorrow

Hands-On Training

Students Learn:

- Veterinary clinic reception, office management, computer skills
- Venipuncture, injection administration, IV catheter placement, monitoring of anesthesia in a surgical setting
- Dental prophylaxis, demonstration of in-home dental care
- Concepts of animal husbandry, treatment and prevention of disease
- Laboratory procedures, radiographic film processing, diagnostic contributions in animal health care
- Exam room protocols: proper pet restraining techniques, checking vitals, patient history and client communication

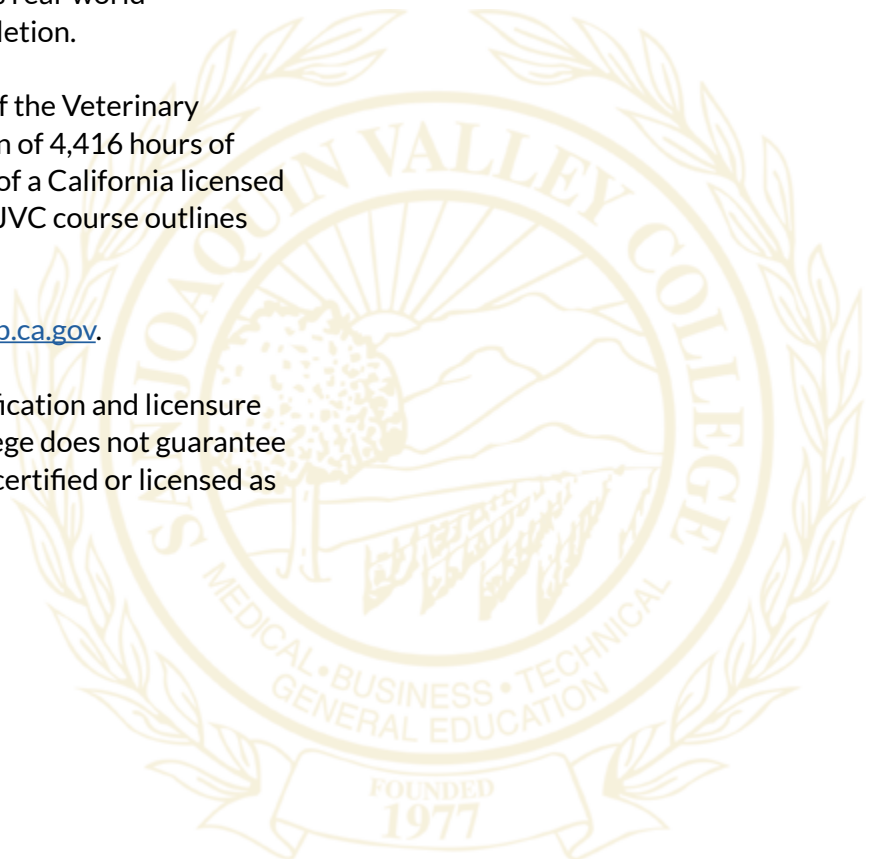

Credential and Professional Certifications

Students receive hands-on training. Externship rotations include various animal care environments to give students real-world experience. Graduates earn a Certificate of Completion.

Graduates can apply for licensure by meeting all of the Veterinary Medical Board requirements, including completion of 4,416 hours of practical experience under the direct supervision of a California licensed veterinarian. The candidate must also submit all SJVC course outlines to the Veterinary Medical Board.

For additional details, please visit: <http://www.vmb.ca.gov>.

SJVC prepares students to take appropriate certification and licensure exams related to their individual majors. The College does not guarantee students will successfully pass these exams or be certified or licensed as a result of completing the program.

Career Information

Veterinary Assistants provide support to a veterinarian in the treatment of animals. Graduates can also find work in animal shelters, zoos, and research facilities and are prepared to perform the following job duties:

- Monitor animals under anesthesia
- Perform radiology procedures
- Bathe, comfort, medicate and care for sick and recovering animals
- Perform laboratory tests
