

# Bachelor of Science in Nursing

SJVC's B.S. in Nursing program is designed for Registered Nurses having graduated from a board- approved/accredited, associate degree Registered Nursing program who want to advance their career. The Bachelor of Science degree in Nursing affords excellent opportunities for professional growth and development with education in leadership, education, and research. Upon program completion, you'll be able to demonstrate effective communication skills, evaluate and apply information from multiple sources, use current research and data interpretation techniques to evaluate solutions for emergent issues, and apply decision-making to advance quality, professional patient care.

## What Will I Learn?

Graduates will be able to:

1. **Demonstrate** effective communication and presentation skills for diverse audiences.
2. **Critically** evaluate information from multiple sources for application in professional settings.
3. **Apply** current research and data interpretation techniques to identify and evaluate solutions for emergent issues impacting the profession.
4. **Demonstrate** professional competence when interacting with diverse patients, family, and communities.
5. **Utilize** leadership skills and knowledge of the healthcare and regulatory systems to advance high quality, safe, professional nursing practice.

## Admission Requirements

To be considered for admission to the Nursing program, applicants must meet the following requirements:

- Hold an Associate of Science in Registered Nursing from a board-approved/accredited program from a regionally or nationally accredited institution
- Successful completion of a minimum of 80 units of lower-division courses
- Hold a current, unencumbered credential licensure as a Registered Nurse (RN) in California or in the state of current employment

Training Today for a Better Tomorrow
