

Provide quality care to those in need

Vocational Nursing

SJVC's Vocational Nursing program trains you to have the skills to offer professional care to the sick, injured, convalescent and disabled under the direction of physicians and registered nurses.

Vocational nurses are an important part of a health care team responsible for administering nursing care, detecting illnesses, and patient education.

The program includes an externship which allows students to further their studies in a real-world medical environment. This hands-on clinical training enhances the learning experience and allows students to develop a work history while completing their studies.

Training Today for a Better Tomorrow

Hands-On Training

Students Learn:

- Diagnostic and therapeutic nursing techniques
- Creative, critical thinking, and nursing judgment skills
- Interpersonal skills as it pertains to therapeutic practice
- Communication skills for clients/families, and members of the health care delivery team
- Organizational skills pertaining to patient needs and allied health workers
- Licensed Vocational Nurse Board Examination preparation
- Communication concepts, critical analysis, and ethical behavior appropriate to interpersonal and professional interactions

Credential and Professional Certifications

Graduates earn an Associate of Science degree and are eligible to sit for the National Council Licensure Examination for Practical Nurses (NCLEX-PN). This exam requires a background check. Graduates also earn HIPAA certification.

SJVC prepares students to take appropriate certification and licensure exams related to their individual majors. The College does not guarantee students will successfully pass these exams or be certified or licensed as a result of completing the program.

State Licensure

Graduates who pass the NCLEX-PN are licensed by the Board of Vocational Nursing and are authorized to use the credential Licensed Vocational Nurse (LVN), which is a requirement to work in this field.

San Joaquin Valley College's Vocational Nursing program is approved by the Board of Vocational Nursing and Psychiatric Technicians.

Career Information

LVNs can work in hospitals, medical offices, clinics, and correctional facilities. These health professionals perform the following job duties:

- Administer prescribed medications and start intravenous fluids
- Observe patients, charting and reporting changes in patients' conditions
- Evaluate nursing intervention outcomes, conferring with other healthcare team members
- Assemble and use equipment, such as catheters, tracheotomy tubes, and oxygen suppliers
- Collect samples, such as blood, urine, and sputum from patients
- Prepare patients for examinations, tests, treatments, and explain procedures
- Set up equipment and prepare medical treatment rooms
- Inventory and requisition supplies and instruments
- Assist in delivery, care, or feeding of infants

Admissions Requirements

- High school diploma or equivalent
- Applicant must be in good health and physically fit
- Applicant must be age 18 by his/her expected start date
- Applicant must provide current CPR certification from the American Heart Association

Applicants are selected based on points earned in an evaluation process that includes assessment, transcript review, professional reference and personal interview. Applicants must have reliable plans for transportation, child care and time to devote to academic work outside of scheduled class hours.

Course Listing*

Core Course Requirements
