

Respiratory Therapy B.S. Degree

SJVC's online Bachelor of Science in Respiratory Therapy program is sequenced for work-life balance, offered online, and takes approximately 65 weeks to complete. The program is designed for the working Registered Respiratory Therapist who has graduated from a CoARC or CAAHEP accredited associate-level degree Respiratory Therapy program and is looking for career advancement opportunities in leadership, education, research and critical care in the field of Respiratory Care.

What makes SJVC's BSRT program different?

SJVC's BSRT program affords excellent opportunities for professional growth and development with the necessary education in leadership, research and critical care in the field of Respiratory Care. Our student designed research capstone project allows each student to identify an area of research interest, and produce a research project associated with the student's respiratory therapy specialty area.

What will I learn?

Graduates will be able to:

- 1. Articulate** various current professional and clinical roles and potential expanded roles related to the respiratory therapy profession including describing professional behavior, monitoring the quality of respiratory care and listing changes in technology and knowledge base.
- 2. Demonstrate** knowledge in critical care pathophysiology to interpret pertinent clinical information and make recommendations for appropriate therapeutic intervention.
- 3. Demonstrate** effective written and oral communication skills.
- 4. Demonstrate** the ability to access, interpret, and critically appraise relevant medical and other authoritative literature related to clinical practice, administration, education, and/or research associated with the respiratory therapy profession.
- 5. Develop** an original project or research proposal related to clinical practice, administration, education and/or research associated with the respiratory therapy profession.

Admission Requirements

To be considered for admission to the Respiratory Therapy program, applicants must meet the following requirements:

- Hold an Associate of Science Degree in Respiratory Therapy, awarded by a regionally or nationally accredited institution with a CoARC or CAAHEP accredited program
- Successful completion of a minimum of 70.0 units of lower division courses (may include lower division respiratory therapy coursework)
- Hold a current credential as a Registered Respiratory Therapist (RRT), and current unencumbered licensure as a Respiratory Care Practitioner (RCP) in California or in the state of current employment

Training Today for a Better Tomorrow

Graduation Requirements:

Successful completion of the courses listed below with a grade of “C” or higher:
