

Train to code and process insurance claims Medical Billing & Coding

SJVC's online Medical Billing and Coding program trains students to work on the administrative side of healthcare.

Students prepare for positions in a medical office environment and can choose the credential level that best meets their needs and career goals.

Training Today for a Better Tomorrow

Hands-On Training

Students Learn:

- Reviewing and assigning medical codes across a range of medical services
- Preparing and submitting claims with accurately assigned codes
- EHR/EMR systems to research, code, and abstract patient information
- Reviewing, documenting, and maintaining patient financial records
- Understanding and communication of medical and insurance terminology
- Patient registration and intake
- CPR (BLS-HCP) and First Aid
- Critical analysis and ethics for interpersonal interactions
- Professional appearance and attitude

Credential and Professional Certifications

Graduates earn a Certificate of Completion or an Associate of Science degree. Graduates also earn certificates in typing, HIPAA compliance, and CPR/First Aid (BLS-HCP).

Career Information

Well-trained Medical Billing and Coding personnel can work for hospitals, insurance companies, medical and dental offices, healthcare clinics and more. These technicians perform the following job duties:

- Review patient records for accuracy, regulatory compliance
- Code and process patient insurance claims
- Protect the confidentiality of patient medical records
- Assign patient to diagnosis-related groups, using the appropriate computer software
