

Bachelor of Science in Health Care Management

SJVC's B.S. in Health Care Management program is designed for health care professionals who have earned an Associate of Science degree from an institution of higher learning accredited by an agency that is recognized by the United States Department of Education and are looking to advance their career. Upon program completion, you'll be able to demonstrate effective communication skills, evaluate and apply information from multiple sources, use current research and data interpretation techniques to evaluate solutions for emergent issues, and apply strategic planning decision-making to improve outcomes in health care organizations.

What will I learn?

Graduates will be able to:

1. **Demonstrate** effective communication and presentation skills for diverse audiences.
2. **Critically** evaluate information from multiple sources for application in professional settings.
3. **Apply** current research and data interpretation techniques to identify and evaluate solutions for emergent issues impacting the profession.
4. **Apply** strategic planning decision-making to improve outcomes in health care organizations.
5. **Analyze** the role of leadership in the health care delivery system, including operational and financial aspects.
