

Construction Management

Build a career in the construction industry

San Joaquin Valley College's Construction Management (CM) program provides graduates with the technical and managerial skills needed in today's commercial and residential construction industry. Students are prepared for the management responsibilities they will face on the job—creating an opportunity to move into supervision and construction management.

Students Learn

- Architectural design theory
- Estimating & bidding
- Scheduling & control of a project
- Construction communication procedures

Professional Certifications

Graduates earn an Associate of Science degree in Construction Management.

Career Information

Construction management professionals can be supervisory-level or self-employed managers. Graduates can expect to perform a wide variety of tasks within the industry, including:

- Plan and prepare jobs for clients
- Plan, schedule and control construction projects
- Prepare and deliver presentations
- Manage and supervise construction sites

Admission Requirements

Admission to the CM program requires:

- High school diploma or equivalent
- Wonderlic SLE assessment score of 14 or higher

San Joaquin Valley College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (WASC), 10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at www.accjc.org.
