

# Dental Hygiene

Become a member of a dental health care team

SJVC's Dental Hygiene (DH) program prepares students to work as a registered dental hygienist. Benefits of this program include comprehensive instruction, small class sizes, high board pass rates and accreditation by ADA-CODA.

## Students Learn

- Computerized dental management / charting software
- CAESY (Clinically Advanced Education Systems) computerized patient education
- Intra-Oral cameras
- Digital and traditional x-ray techniques
- Hand and ultrasonic instruments for advanced scaling and root planing methods

The Dental Hygiene program houses a fully equipped clinic, allowing students to get hands-on instruction and real-world experience while completing their studies.

## Professional Certifications

Graduates of the Dental Hygiene program earn an Associate of Science degree and are eligible to take the National Board written examination and a State and/or Regional Board Examination for licensure as a Registered Dental Hygienist. San Joaquin Valley College's Dental Hygiene program is accredited by The American Dental Association, Commission on Dental Accreditation.

## Career Information

Graduates are prepared to work in private dental offices, public health agencies, or clinics. These skilled professionals are expected to perform the following job duties:

- Evaluate medical and dental health histories
- Remove stain, plaque and calculus from teeth
- Expose and process dental x-rays
- Place dental sealants, fluoride, varnish and tooth desensitizing agents

## Admission Requirements

The following courses must be completed at a regionally accredited college or university with an overall GPA of 2.75 or higher:

General/Inorganic Chemistry (with lab)  
Human Physiology (with lab)  
Introduction to Sociology  
Human Anatomy (with lab)  
General Psychology

General Microbiology (with lab)  
Public Speaking or Oral Communication  
Organic/Biochemistry (with lab)

### Clinical Hours

Students in the dental hygiene program experience an increasing number of clinical hours as they progress through the program in order to obtain clinical competence. First year dental hygiene students receive eight hours of preclinical training per week during their first term, followed by eight hours of clinical experience during their second term. During the second academic year, terms 3 and 4, students are scheduled for twelve and sixteen hours per week, respectively.

### Board Pass Rates

Students in the Dental Hygiene program must take licensure exams in order to be registered to practice as a dental hygienist in California. Below are the national and state board pass rates for SJVC Dental Hygiene students.
