#### **Institutional Classroom Standards**

As a working professional, you will have policies and procedures on the job. In preparing you for a future as a successful professional, the college expects students to follow policies as presented in the *Student Handbook* and the *College Catalog*. In addition, your classroom experience is structured to prepare you for a successful career. The following are examples of how your classroom experience relates to and influences those skills and behaviors required of professionals:

- A. As a professional, you are expected to follow a dress code. At SJVC you will dress for success. In all classes, including General Education courses, students are expected to follow their program dress codes.
- B. As a professional, you are required to be present and punctual every day. Just as you would give notification at work, you are to contact your instructor ahead of class time if absence or tardiness is unavoidable.
- C. On the job, you are expected to complete work on time. Your training for meeting deadlines begins now:
  - i. Missed deadlines for homework and projects may affect your grade with either a 10% reduction in points or no credit.
  - ii. Missed quizzes may not be taken.
  - iii. Missed midterms or final exams, however, may be taken in accordance with college policy.
- D. As an employee, you are expected to conduct yourself with integrity. In your class work you are expected to fulfill the principles and standards of academic integrity. Cheating or plagiarism on tests or assignments is cause for formal disciplinary action.
- E. On the job your performance must be exceptional. The expectation at school is the same. To help improve classroom performance students who score below 70% on quizzes or assignments should attend tutoring sessions to review the material or skills missed.
- F. As an employee, you are expected to show respect for your supervisors, fellow employees, and clients by silencing your cell phone and appropriately using other electronic devices. Students are expected to show the same respect in class.
- G. Students may bring water into the classroom only in a screw cap bottle; no food is allowed.

CHANGE is the only constant in life. The professional environment can be unpredictable with changing deadlines, meetings, and demanding customers. Be flexible and adaptable.

This syllabus is only a guideline and subject to change.
