

November 23, 2009

Michael Perry, CEO
San Joaquin Valley College-Bakersfield
3828 W Caldwell Avenue
Visalia, CA 93277

Dear CEO Perry:

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) is pleased to inform you of its vote on **November 20, 2009** to award **continuing accreditation** to the surgical technology program at San Joaquin Valley College in Bakersfield, California.

The recent peer review conducted by the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA) and CAAHEP's Board of Directors recognizes the program's substantial compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the program, including an on-site review, is scheduled to occur in **2019**.

The following citation merits your institution's attention and resolution in order to strengthen the program's compliance with the Standards (for a complete copy of the Standards, check the CAAHEP website at www.caahep.org, or call the office at 727-210-2350):

Standard III.A. Program resources must be sufficient to ensure the achievement of the program's goals and outcomes. Resources include, but are not limited to: faculty, clerical/support staff, curriculum, finances, offices, classroom/laboratory facilities, ancillary student facilities, clinical affiliations, equipment/supplies, computer resources, instructional reference materials, and faculty/staff continuing education.

The documentation submitted did not clearly demonstrate that the program has sufficient clinical slots for the enrollment capacity.

Please submit an updated ARC/STSA Clinical Affiliation Site Reporting Form. The Clinical Affiliation Site Reporting Form is available online at www.arcstsa.org/forms/ST/index.htm. This documentation must demonstrate that the program has sufficient clinical affiliation sites and slots for the surgical technology program's maximum enrollment capacity to achieve the goals and outcomes of the program.

*In addition, please submit a student clinical affiliation roster for the students enrolled between **August 1, 2009-July 31, 2010**. The information must include the:*

- name of each student enrolled in the program
- date he/she entered or will enter into the clinical component of the program/externship
- date he/she completed or will complete the clinical component of the program/externship

*Finally, please submit an ARC/STSA Clinical Affiliation Tracking Worksheet for the clinical students enrolled between **August 1, 2009-July 31, 2010**. The information must include the:*

- name of each student enrolled in the program
- name of each clinical affiliation site, including an identification abbreviation for each site and the number of slots available

Page 2
CEO Perry

- *name(s) of the clinical site(s) to which the student was assigned or is anticipated to be assigned (see example provided in the worksheet)*

The ARC/STSA Clinical Affiliation Tracking Worksheet is available online at www.arcstsa.org/forms/ST/index.htm.

CAAHEP requests that a report be sent to the **ARC/STSA, 6 West Dry Creek Circle, Suite #110, Littleton, Colorado, 80120** no later than **August 6, 2010** indicating the manner in which this citation has been resolved.

Failure to respond satisfactorily to the citation above may result in a withdrawal of accreditation.

The accreditation Standards are established by CAAHEP and the American College of Surgeons (ACS) and the Association of Surgical Technologists (AST).

The commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in program accreditation.

Sincerely,

M. LaCheeta McPherson, PhD, MT(ASCP), CLS(NCA)
President

Michael Perry
President
San Joaquin Valley College-Fresno
295 E Sierra Ave
Fresno, CA 93710

Dear President Perry:

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) is pleased to inform you of its vote on **May 19, 2017** to award **continuing accreditation** to the Surgical Technology program at San Joaquin Valley College-Fresno, Fresno, CA.

The recent peer review conducted by the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA) and CAAHEP's Board of Directors recognizes the program's substantial compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the program, including an on-site review, is scheduled to occur no later than **2027**.

The ARC/STSA will regularly monitor the program's compliance with the outcomes assessment thresholds through the program's Annual Report as well as other documentation that may be requested (Standard IV.B.).

The accreditation standards are established by CAAHEP, ARC/STSA, American College of Surgeons (ACS), and Association of Surgical Technologists (AST).

The commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in program accreditation.

Sincerely,

Sent via email to: Cindy.Hale@sjvc.edu

November 18, 2017

Ms. Cindy Hale, RVT
San Joaquin Valley College
Veterinary Technology Program
295 E Sierra Ave
Fresno, CA 93710

Dear Ms. Hale:

Following review of the Veterinary Technician National Examination (VTNE) fall reporting for the San Joaquin Valley College veterinary technology program, the AVMA Committee on Veterinary Technician Education and Activities (CVTEA) placed the Program on Probationary accreditation effective November 5, 2017.

Probationary Accreditation status may be assigned to a program that has specific deficiencies in one or more Standards. The Committee action was based on the lack of compliance with accreditation Standard 11d as outlined in the *Accreditation Policies and Procedures of the AVMA CVTEA*, July 2017: "The program's three year rolling average VTNE pass percentage for first time test takers must be 50% or higher". The Program's VTNE pass percentage for first time test takers for July 1, 2014 – June 30, 2017 is 34%.

The next accreditation site visit is scheduled for March 7 – 9, 2018 and a self-study report will be due no later than January 24, 2018. A self-study report template may be obtained by emailing Ms. Julie Horvath at jhorvath@avma.org.

For your information, all accredited programs with at least three years of test results will be required to report VTNE test results each fall. The Program must provide an update on efforts to improve the Program's VTNE three-year rolling average pass percentage. Reporting deadlines for annual VTNE reports will be communicated to programs by CVTEA staff.

If there are any changes that impact critical or major deficiencies that the CVTEA previously determined do not require continued reporting, the program must report this change.

Programs have the right to appeal adverse accreditation decisions. The appeal procedure may be found in Section IX of the July 2017 *Accreditation Policies and Procedures of the AVMA CVTEA* (<https://www.avma.org/ProfessionalDevelopment/Education/Accreditation/Programs/Pages/cvtea-pp-adv-decisions.aspx>) and a copy of the appeal procedure is enclosed. The Committee reserves the right to conduct a special site visit, as deemed necessary in the Committee's sole discretion, to validate information submitted in subsequent reporting.

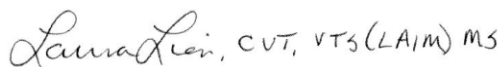

Graduates of a program with probationary accreditation are graduates of an accredited program. Programs may remain on probationary accreditation for a maximum of two years (fall 2019). Failure to substantially meet the Standards of Accreditation by the end of the two year probationary period may result in accreditation withdrawn.

If you have any questions, or if we may be of assistance in the preparation of your next report, please do not hesitate to contact us or Ms. Julie Horvath (jhorvath@avma.org; ext. 6624).

Sincerely,

Rachel A. Valentine, RVT, BS
Assistant Director

COMMISSION ON ACCREDITATION FOR
RESPIRATORY CARE

March 23, 2015

Mike Perry, President
San Joaquin Valley College-Bakersfield
Respiratory Care Program
3828 West Caldwell Ave
Visalia, CA 93277

RE: Program Number 200425

Dear Mr. Perry:

At its March 2015 meeting, the Commission on Accreditation for Respiratory Care (CoARC) voted to award **Continuing Accreditation** to the AS Degree Respiratory Care Program at San Joaquin Valley College located in Bakersfield, CA.

The recent accreditation review conducted by CoARC recognizes the Program's compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the Program, including an on-site review, is scheduled to occur no later than **2025**.

In addition to the comprehensive evaluation, CoARC regularly monitors the Program's compliance with established outcomes assessment thresholds (Standard 3.13) through the Annual Report of Current Status submitted annually by the Program as well as other documentation that may be requested. The next Annual Report of Current Status is due by July 1, 2015.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC
Executive Director

cc: Greg Osborn, MEd, Dean
Kerry Green, BS, RRT, Program Director
David Collins, PhD, RRT, Referee (Emailed)

Commission on Accreditation for Respiratory Care

CERTIFICATE OF ACCREDITATION

Date of Issue: March 21, 2015

This Certificate of Accreditation is hereby issued by the Commission on Accreditation for Respiratory Care (CoARC), in accordance with the Accreditation Standards for the Profession of Respiratory Care and CoARC Accreditation Policies and Procedures.

**San Joaquin Valley College-Bakersfield
Respiratory Care Program
Bakersfield, CA
AS Degree
CoARC ID#: 200425**

This Certificate of Accreditation is valid until **3/31/2025**. The program will be notified of the next comprehensive evaluation approximately two (2) years prior to the date above.

CoARC President

CoARC Executive Director

COMMISSION ON ACCREDITATION FOR
RESPIRATORY CARE

July 24, 2015

Mike Perry, President
Respiratory Care Program
San Joaquin Valley College-Ontario
3828 W Caldwell Ave
Visalia, CA 93277

RE: Program Number 200495

Dear Mr. Perry:

At its July 2015 meeting, the Commission on Accreditation for Respiratory Care (CoARC) voted to award **Continuing Accreditation** to the AS Degree Respiratory Care Program at San Joaquin Valley College-Ontario.

The recent accreditation review conducted by CoARC recognizes the Program's compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the Program, including an on-site review, is scheduled to occur no later than **2025**.

The Commission voted to accept the documentation submitted to address compliance with Standard 3.04 (Advisory Committee Composition and Responsibilities) and 5.09 (Clinical Affiliate Agreements) as outlined in the On-Site Review Report -CSSR. For a copy of the Standards, visit the CoARC website at www.coarc.com.

In addition to the comprehensive evaluation, CoARC regularly monitors the Program's compliance with established outcomes assessment thresholds (Standard 3.13) through the Annual Report of Current Status submitted annually by the Program as well as other documentation that may be requested. **CoARC is in the process of reviewing the 2015 Annual Report of Current Status.** The next Annual Report of Current Status is due by July 1, 2016.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE

December 1, 2010

Mark Perry, President
San Joaquin Valley College-Rancho Cordova
Respiratory Care Program
801 S. Akers Street, Suite 150
Visalia, CA 93277

RE: Program Number 200518

Dear Mr. Perry:

The Commission on Accreditation for Respiratory Care (CoARC) is pleased to inform you of its vote on November 13, 2010 to award **Continuing Accreditation** to the AS Degree Respiratory Care Program at San Joaquin Valley College in Rancho Cordova, California.

The recent accreditation review conducted by CoARC recognizes the program's compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the program, including an on-site review, is scheduled to occur no later than **2018**.

CoARC will regularly monitor the program's compliance with the nationally established accreditation Standards through the Annual Report of Current Status submitted annually by the program as well as other documentation that may be requested. The next Annual Report of Current Status is due July 1, 2011.

Please keep in mind the new CoARC Accreditation Standards for the Profession of Respiratory Care went into effect on June 1, 2010. It remains the responsibility of the program to ensure compliance with all 2010 Standards. Visit the CoARC website at www.coarc.com for a copy of the Standards.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC
Executive Director

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE

November 19, 2011

LETTER OF REVIEW

Michael Perry, President
San Joaquin Valley College-Temecula
Respiratory Care Program
801 South Akers, Suite 150
Visalia, CA 93277

RE: Program Number 200607

Dear Mr. Perry:

After review of the "Letter of Review Self Study Report" (LSSR) and other pertinent documentation, the Commission on Accreditation for Respiratory Care (CoARC) authorizes this Letter of Review for the AS Degree Respiratory Care Program at San Joaquin Valley College-Temecula in Temecula, CA effective as of the above date. It is the determination of CoARC that the program has demonstrated sufficient compliance with the CoARC Accreditation Standards for the Profession of Respiratory Care. Under the authority of this Letter of Review, the program is allowed to admit its first class of students. The maximum enrollment is approved at up to **2 cohorts per calendar year of up to 20 students per cohort**. This maximum remains in effect until the program is granted Continuing Accreditation.

In addition to maintaining on-going compliance with the Standards, the program must meet all administrative requirements specified in the CoARC Accreditation Policies and Procedures Manual. One of those requirements is to submit all requested and scheduled documentation to the Executive Office and Program Referee in a timely manner as stated in CoARC policy 4.03. Accordingly, the program must electronically file an Annual Report of Current Status each year. The first of these Reports will be due on or before **July 1, 2012**. The Executive Office will be contacting the program at the appropriate time to provide the specifics of setting up, completing, and submitting that Annual Report of Current Status.

Under this Letter of Review, the students subsequently admitted to and graduated from the program will be recognized by the National Board for Respiratory Care (NBRC) as being eligible to sit for the appropriate credentialing examination(s), if all other requirements for admission to the examination(s) are met by the graduate. Students who may have been admitted to this program prior to the above date will not be recognized by the NBRC.

A subsequent step in the Initiation of Accreditation process will be to prepare the "Initial-Accreditation Self Study Report" (ISSR) and submit it, with appropriate fees, to CoARC within 180 days following the graduation of the first class of students. When your Referee deems that the ISSR is acceptable, the Executive Office will schedule an on-site visit, which must occur within one (1) calendar year of the graduation of that first class of students. The Executive Office will await your submission of the ISSR, however, please keep in mind that Annual Reports of Current Status must be submitted every year as specified above.

President Perry
Page 2

The program must also comply with proper disclosure policies (11.01 and 11.02) which state the following:

- 11.01 The CoARC requires institutions and programs to be accurate in reporting to the public the program's accreditation status.
- a) Publication of a program's accreditation status must include the full name, mailing address and telephone number of the CoARC.
 - b) The CoARC requires a program to inform all current students and applicants in writing of the program's accreditation status including changes to its accreditation status.
 - c) If a program has not yet been accredited by the CoARC, it must make no reference to accreditation status.
- 11.02 If a program holds a CoARC Letter of Review the program's sponsor, in at least one of its comprehensive publications customarily used to officially convey institutional information must use the following language when referring to that status:

"The *[name of program, campus location, if applicable]* holds a Letter of Review from the Commission on Accreditation for Respiratory Care (www.coarc.com)."

Commission on Accreditation
for Respiratory Care
1248 Harwood Road
Bedford, Texas 76021-4244
(817) 283-2835

CoARC commends you and your colleagues for your commitment to quality respiratory care education, as demonstrated by your participation in programmatic accreditation. Please do not hesitate to contact me, if you have any questions.

Sincerely,

Thomas Smalling, PhD, RRT, RPFT, RPSGT, FAARC
Executive Director

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE

April 4, 2012

Michael Perry, President
Respiratory Care Program
San Joaquin Valley College-Temecula
801 South Akers, Suite 150
Visalia, CA 93277

RE: Program Number 200607

Dear Mr. Perry:

As you are aware, the Commission on Accreditation for Respiratory Care (CoARC) approved revisions to its Accreditation Policies and Procedures Manual effective March 24, 2012. As a result, all programs holding the status of Letter of Review as of the effective date of the policy changes will have their status changed to Provisional Accreditation and those Provisional Accreditation programs that have not submitted their Initial Accreditation Self Study Report (ISSR) as of the effective date of the policy changes will be eligible for Initial Accreditation once their on-site evaluation has been completed and they achieve three (3) reporting years of outcomes on the Annual Report of Current Status (RCS).

Therefore, the accreditation status for the AS Degree Respiratory Care Program sponsored by San Joaquin Valley College in Temecula, CA has been changed from Letter of Review to Provisional Accreditation. However, according to our records, the program has not submitted the ISSR and has not achieved three (3) reporting years of outcomes. As of March 24, 2012, the ISSR is due no later than six (6) months following the deadline date of the RCS showing three (3) reporting years of outcomes. According to the Letter of Review Self Study (LSSR) submitted by San Joaquin Valley College-Temecula, the first reporting year will be 2014 and, therefore, **the ISSR will be due no later than January 15, 2017**. The ISSR template will be sent to the program approximately one (1) year prior to the submission due date. Once three (3) reporting years of outcomes has been received and the on-site evaluation has been completed, the program will be scheduled for review of its accreditation record at the next scheduled CoARC Board meeting. At that time, the Board will confer Initial Accreditation or Withhold Initial Accreditation. *[Please Note: The timeline above may be affected if the expected graduation date changes from what was submitted in the LSSR.]*

Please use the following modified disclosure statement for your program's Provisional Accreditation status:

The Respiratory Therapy program at San Joaquin Valley College-Temecula holds Provisional Accreditation from the Commission on Accreditation for Respiratory Care (www.coarc.com). This status signifies that a program that has been granted an Approval of Intent has demonstrated sufficient compliance to initiate a program in accordance with the *Standards* through the completion and submission of an acceptable Self Study Report (SSR), and other documentation required by the CoARC Board. The conferral of Provisional Accreditation denotes a new program that has made significant progress towards meeting the Standards of Accreditation. The program will remain on Provisional Accreditation until achieving Initial Accreditation. It is recognized by the National Board for Respiratory Care (NBRC) toward eligibility to the Respiratory Care Credentialing Examination(s). Enrolled students completing the program under Provisional Accreditation are considered graduates of a CoARC accredited program.

President Perry
Page 2

Commission on Accreditation for Respiratory Care
1248 Harwood Road
Bedford, Texas 76021-4244
(817) 283-2835

CoARC will regularly monitor the program's compliance with the outcomes assessment thresholds through the Annual Report of Current Status submitted annually by the program as well as other documentation that may be requested. The next Annual Report of Current Status is due July 1, 2012.

Please keep in mind, programs with Provisional Accreditation may be placed on Probationary Accreditation or have accreditation withdrawn if the program does not provide continuing evidence of progress toward meeting all Standards.

Please contact the CoARC Executive Office (817-283-2835) with questions concerning the accreditation process.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC
Executive Director

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE

July 24, 2015

Mike Perry, President
Respiratory Care Program
San Joaquin Valley College-Visalia
3828 W Caldwell Ave
Visalia, CA 93291

RE: Program Number 200389

Dear Mr. Perry:

At its July 2015 meeting, the Commission on Accreditation for Respiratory Care (CoARC) voted to award **Continuing Accreditation** to the AS Degree Respiratory Care Program at San Joaquin Valley College-Visalia.

The recent accreditation review conducted by CoARC recognizes the Program's commitment towards compliance with the nationally established accreditation Standards. The next comprehensive evaluation of the Program and an on-site review is scheduled to occur no later than **2025**.

CoARC engages in an accreditation dialogue with the Program to identify any deficiencies and implement action plans to remediate such deficiencies (see Sections 3 and 4 of the CoARC Accreditation Policies and Procedures Manual). CoARC requires a Program to submit documentation addressing any Standard not met (i.e. citation) as a Progress Report. The Progress Report must be submitted within the specified period of time addressing the Standard(s) with which the Program has been found to be in non-compliance. The Progress Report will constitute the basis for Commission action. The action is either to accept the report, finding the Program in compliance with all CoARC Standards, or if the Program does not demonstrate compliance with the Standards within the specified time frame stated in the Program action letter, the Commission may either (1) request an additional Progress Report or (2) confer a Probationary Accreditation status.

Based on the On-site Review in April 2015, the Commission voted to request a Progress Report to address Standard 1.09 (Formal Affiliate Agreements). For a copy of the Standards, visit the CoARC website at www.coarc.com:

Standard Citation 1

Standard 1.09 – Formal Affiliate Agreements

There must be a formal affiliation agreement or memorandum of understanding between the sponsor and all other entities that participate in the education of the students describing the relationships, roles, and responsibilities between the sponsor and that entity.

Rationale for Citation: Several agreements were out of date. The Program is in the process of updating all clinical agreements and MOUs. However, not all of them have been finalized.

President Mike Perry
Page 2

Program Required Response (Evidence for Compliance with Standard):

1. Submit evidence that all agreements/MOUs have been finalized.

The Progress Report must be sent electronically to CoARC on or before **January 20, 2016** by emailing shelley@coarc.com. CoARC will evaluate the Program's response at its March 2016 meeting. Failure to submit the required response(s) above may result in Administrative Probation (see CoARC Policy 1.055).

In addition to the comprehensive evaluation, CoARC regularly monitors the Program's compliance with established outcomes assessment thresholds (Standard 3.13) through the Annual Report of Current Status submitted annually by the Program as well as other documentation that may be requested. **CoARC is in the process of reviewing the 2015 Annual Report of Current Status.** The next Annual Report of Current Status is due July 1, 2016.

Questions concerning the submission or content of the Progress Report should be directed to the Executive Office.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Thomas R. Smalling, PhD, RRT, RPFT, RPSGT, FAARC
Executive Director

Mike Perry, President
Respiratory Care Program
San Joaquin Valley College-Visalia
3828 W Caldwell Ave
Visalia, CA 93277

RE: Program Number 200389

Dear Mr. Perry:

At its March 2016 meeting, the Commission on Accreditation for Respiratory Care (CoARC) accepted the Progress Report as the final Progress Report submitted for the AS Degree Entry into Respiratory Care Professional Practice Program sponsored by San Joaquin Valley College-Visalia, which currently holds Continuing Accreditation. The next comprehensive evaluation of the Program, including an on-site review, is scheduled to occur no later than 2025.

In addition to the comprehensive evaluation, CoARC regularly monitors the Program's compliance with established outcomes assessment thresholds (Standard 3.09) through the Annual Report of Current Status submitted annually by the Program as well as other documentation that may be requested. The next Annual Report of Current Status is due by July 1, 2016.

The CoARC commends you and your colleagues for your commitment to continuous quality improvement in education as demonstrated by your participation in programmatic accreditation.

Should you or your faculty have any questions, feel free to contact me.

Sincerely,

Re: Dental Hygiene Program

Dear Mr. Perry:

At its August 8, 2013 meeting, the Commission on Dental Accreditation (CODA) considered the site visit report on the dental hygiene program sponsored by the San Joaquin Valley College. The Commission also considered the institution's response to the site visit report.

On the basis of this review, the Commission determined that the recommendations cited in the report have been met and adopted a resolution to grant the program the accreditation status of "approval without reporting requirements." The definitions of accreditation classifications are enclosed. No additional information is requested from the program at this time. The next site visit for the program is scheduled for **2019**.

A copy of the Commission's site visit report is enclosed. One copy of this report and the related enclosures have also been sent to the chief administrative officer and program director copied on this letter. The Commission requests that a copy of this report and the related enclosures be forwarded to the chairpersons and appropriate faculty.

In taking this action, the Commission stipulated that it will expect the institution to keep the Commission informed as soon as possible of anticipated changes in any approved educational program offered, particularly in the areas of administration, enrollment, faculty, facilities and curriculum. The Commission's policy and guidelines for reporting program changes are enclosed.

Note: The program's documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any patient protected health information. If an institution nevertheless provides the Commission and/or Commission site visitors with materials containing patient protected health information (PHI), such materials must be in electronic form and encrypted as outlined by the most recent breach notification regulations related to the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

In addition, most states have enacted laws to protect sensitive personally identifiable information ("PII") such as social security numbers, drivers' license numbers, credit card

Mr. Michael Perry
August 12, 2013
Page 2

numbers, account numbers, etc. Before sending documents such as faculty CVs to CODA, institutions must fully redact the following PII: social security numbers, credit or debit card numbers, driver's license numbers or government-issued ID numbers, account numbers, health information, taxpayer ID, and date of birth.

The Commission has authorized use of the following statement by institutions or programs that wish to announce their programmatic accreditation by the Commission. Programs that wish to advertise the specific programmatic accreditation status granted by the Commission may include that information as indicated in italics below (see text inside square brackets); that portion of the statement is optional but, if used, must be complete and current.

The program in dental hygiene is accredited by the Commission on Dental Accreditation [*and has been granted the accreditation status of "approval without reporting requirements"*]. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611. The Commission's web address is: <http://www.ada.org/100.aspx>.

The Commission wishes to thank you and the faculty and staff for their cooperation during the site visit. If this office can be of any assistance to you, please contact me by telephone, at 1-800-621-8099, extension 2695 or by e-mail, at renfrowp@ada.org.

Sincerely,

Patrice Renfrow, RDH, BS
Manager, Allied Dental Education

Re: Dental Hygiene Program

Dear President Perry:

At its July 31, 2014 meeting, the Commission on Dental Accreditation (CODA) considered the special focused site visit report on the dental hygiene program sponsored by the San Joaquin Valley College.

On the basis of this review, the Commission adopted a resolution to grant the program the accreditation status of "approval without reporting requirements." The definitions of accreditation classifications have been sent with the electronic copy of this letter. No additional information is requested at this time from the program. The next site visit for the program is scheduled for 2019.

The findings of the Commission on Dental Accreditation are noted in the enclosed Commission-approved Site Visit Report. Oral comments made by site visit team members during the course of the site visit are not to be construed as official site visit findings unless documented within the site visit report and may not be publicized. Further, publication of site visit team members' names and/or contact information is prohibited.

One copy of this report and the related enclosures have also been sent to the chief administrative officer and program director copied on this letter. The Commission requests that a copy of this report and the related enclosures be forwarded to the chairpersons and appropriate faculty.

In taking this action, the Commission stipulated that it will expect the institution to keep the Commission informed as soon as possible of anticipated changes in any approved educational program offered, particularly in the areas of administration, enrollment, faculty, facilities and curriculum. The Commission's policy and guidelines for reporting program changes have been sent with the electronic copy of this letter.

Note: The program's documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any patient protected health information (PHI) or HIPAA identifiers as outlined in section 164.514 of the HIPAA Privacy Rule.

President Perry
August 12, 2014
Page 2

In addition, most states have enacted laws to protect sensitive personally identifiable information ("PII") such as social security numbers, drivers' license numbers, credit card numbers, account numbers, etc. Before sending documents such as faculty CVs to CODA, institutions must fully redact the following PII: social security numbers, credit or debit card numbers, driver's license numbers or government-issued ID numbers, account numbers, health information, taxpayer ID, and date of birth.

If the program/institution submits documentation that does not comply with the directives on PHI and PII (noted above), CODA will assess a penalty fee of \$1000 to the institution; a resubmission that continues to contain PHI or PII will be assessed an additional \$1000 fee.

The Commission has authorized use of the following statement by institutions or programs that wish to announce their programmatic accreditation by the Commission. Programs that wish to advertise the specific programmatic accreditation status granted by the Commission may include that information as indicated in italics below (see text inside square brackets); that portion of the statement is optional but, if used, must be complete and current.

The program in dental hygiene is accredited by the Commission on Dental Accreditation [*and has been granted the accreditation status of "approval without reporting requirements"*]. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611. The Commission's web address is: <http://www.ada.org/coda>

The Commission wishes to thank you and the faculty and staff for their cooperation during the site visit. If this office can be of any assistance to you, please contact me by telephone, at 1-800-621-8099, extension 2695 or by e-mail, at renfrowp@ada.org.

**FORMAL REPORT OF THE COMMISSION ON DENTAL ACCREDITATION
TO THE ADMINISTRATION OF THE SAN JOAQUIN VALLEY COLLEGE
ON THE EVALUATION OF THE DENTAL HYGIENE EDUCATION PROGRAM
Visalia, California**

Introduction

A special focused evaluation of the dental hygiene program offered by the San Joaquin Valley College was conducted on April 24, 2014 at its Ontario campus by a committee of the Commission on Dental Accreditation composed of Ms. Monica Nenad, consultant in dental hygiene; and Dr. Lynn Austin, Commission staff representative.

The Commission believes that educational institutions offering curricula supportive to the dental profession assume the obligation and responsibility of affording quality educational opportunities which are based on sound educational principles. Commission objectives are also based on the premise that dental hygiene education programs should strive continually to improve standards of scholarship and teaching consistent with the purpose and methods of postsecondary education. To assist the institution in appraising its educational effectiveness and identifying ways and means by which its endeavors can be strengthened, dental hygiene programs are reviewed periodically by peers in relation to predetermined standards. This peer review of the educational process is based on the program's self-study and conferences with persons involved in the various components of the program.

This report represents the visiting committee's findings and conclusions that directly relate to accreditation standards. These are found, as appropriate, under headings that parallel the Commission's Accreditation Standards for Dental Hygiene Education Programs. Only those standards that warrant comment are included; in all other cases, the visiting committee found that the program met or exceeded the minimum standards.

The Commission on Dental Accreditation has discontinued the use of commendations, effective July 26, 2007. As a result, commendations will no longer be cited within site visit reports for programs under the Commission's purview.

Accreditation History

The dental hygiene program offered by the San Joaquin Valley College was initiated in 1998. This was the Commission's fifth site evaluation of the dental hygiene program. At the time of the site visit, the accreditation status for the dental hygiene education program was "approval without reporting requirements." Information on the Commission's previous accreditation of the program follows:

* As approved by the Commission on Dental Accreditation for transmittal on July 31, 2014.

<u>Date</u>	<u>Basis of Action</u>	<u>Action</u>
January 1999	Site Visit	Approval
January 2000	Site Visit	Approval <u>without</u> reporting requirements
July 2001	Report of Major Change	Approval <u>without</u> reporting requirements
February 2002	Report of Major Change	Approval <u>without</u> reporting requirements
January 2006	Site Visit	Approval <u>with</u> Reporting Requirements
July 2006	Progress Report	Approval <u>with</u> Reporting Requirements
January 2007	Progress Report	Approval <u>with</u> Reporting Requirements
July 2007	Progress Report	Approval <u>without</u> Reporting Requirements
August 2013	Site Visit	Approval <u>without</u> Reporting Requirements
February 2014	Program Change	Approval <u>without</u> Reporting Requirements

Review of Recommendations Cited in the Program's Previous Site Visit Report

At the time of the Commission's last evaluation of the program in December 2012, two recommendations were cited in the area of Educational Program. During this evaluation, the visiting committee reviewed this area and found that the program has maintained compliance with the previously cited recommendations.

Standard 1. Institutional Commitment and Program Effectiveness

The program has documented its effectiveness using a formal and ongoing outcomes assessment process to include measures of dental hygiene student achievement.

Standard 2. Educational Program

The dental hygiene program is presented in four, 15-week terms. Upon completion of the program, graduates are awarded Associate of Science in Dental Hygiene degrees. The curriculum has been defined in terms of program goals, general instructional objectives, learning experiences designed to achieve the goals and objectives and evaluation procedures to assess student attainment of the goals and objectives.

Accreditation Status

At its July 31, 2014 meeting the Commission on Dental Accreditation adopted a resolution to continue the accreditation status of “approval without reporting requirements” for the dental hygiene program offered by the San Joaquin Valley College.

Publication of Accreditation

The Commission has authorized use of the following statement by institutions or programs that wish to announce their programmatic accreditation by the Commission. Programs that wish to advertise the specific programmatic accreditation status granted by the Commission may include that information as indicated in *italics* below (see text inside square brackets); that portion of the statement is optional but, if used, must be complete and current.

The program in dental hygiene is accredited by the Commission on Dental Accreditation [*and has been granted the accreditation status of “approval without reporting requirements”*]. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611. The Commission’s web address is: <http://www.ada.org/coda>.

Visalia, CA 93277

Re: Dental Hygiene Program

Dear President Perry:

At its February 5, 2015 meeting, the Commission on Dental Accreditation (CODA) considered the site visit report on the dental hygiene program sponsored by the San Joaquin Valley College in San Diego, California.

On the basis of this review, the Commission adopted a resolution to grant the program the accreditation status of “approval without reporting requirements.” The definitions of accreditation classifications are enclosed. No additional information is requested from the program at this time. The next site visit for the program is scheduled for **2021**.

The findings of the Commission on Dental Accreditation are noted in the enclosed Commission-approved Site Visit Report. Oral comments made by site visit team members during the course of the site visit are not to be construed as official site visit findings unless documented within the site visit report and may not be publicized. Further, publication of site visit team members’ names and/or contact information is prohibited.

One copy of this report and the related enclosures have also been sent to the chief administrative officer and program director copied on this letter. The Commission requests that a copy of this report and the related enclosures be forwarded to the chairpersons and appropriate faculty.

In taking this action, the Commission stipulated that it will expect the institution to keep the Commission informed as soon as possible of anticipated changes in any approved educational program offered, particularly in the areas of administration, enrollment, faculty, facilities and curriculum. The Commission’s policy and guidelines for reporting program changes are enclosed.

Note: The program’s documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any patient protected health information (PHI) or HIPAA identifiers as outlined in section 164.514 of the HIPAA Privacy Rule.

President Perry
February 20, 2015
Page 2

In addition, most states have enacted laws to protect sensitive personally identifiable information ("PII") such as social security numbers, drivers' license numbers, credit card numbers, account numbers, etc. Before sending documents such as faculty CVs to CODA, institutions must fully redact the following PII: social security numbers, credit or debit card numbers, driver's license numbers or government-issued ID numbers, account numbers, health information, taxpayer ID, and date of birth.

If the program/institution submits documentation that does not comply with the directives on PHI and PII (noted above), CODA will assess a penalty fee of \$1000 to the institution; a resubmission that continues to contain PHI or PII will be assessed an additional \$1000 fee.

The Commission has authorized use of the following statement by institutions or programs that wish to announce their programmatic accreditation by the Commission. Programs that wish to advertise the specific programmatic accreditation status granted by the Commission may include that information as indicated in italics below (see text inside square brackets); that portion of the statement is optional but, if used, must be complete and current.

The program in dental hygiene is accredited by the Commission on Dental Accreditation [*and has been granted the accreditation status of "approval without reporting requirements"*]. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611. The Commission's web address is: <http://www.ada.org/en/coda>.

The Commission wishes to thank you and the faculty and staff for their cooperation during the site visit. If this office can be of any assistance to you, please contact me by telephone, at 1-800-621-8099, extension 2695 or by e-mail, at renfrowp@ada.org.

Sincerely,

Patrice Renfrow, RDH, MA

RE: Provisional RDA Program Approval

Dear Ms. Ovard:

The Dental Board of California (Board) is pleased to inform you that your RDA program has been granted **PROVISIONAL** approval effective **October 5, 2017**. This letter is confirmation of the information you received at the site visit conducted on that date. Your approval number is **CA998**. Please make a note of your approval number and include it on all correspondence to the Board.

The Board grants provisional approval with the intention of revisiting a facility within one year of the approval date; however, the provisional approval is valid until the Board revisits the facility.

Graduates of your program are now eligible to take the RDA licensure exam. The Board will re-evaluate your program in approximately one year to determine whether full approval should be recommended. Please be aware that the Board may site visit ongoing programs at any time.

Students who complete your registered dental assisting program may now legally take dental radiographs. You must issue a certificate to each person who successfully completes your course and you must maintain student records for a period of at least five years from the date of issuance. Records must contain the following information: radiation safety certificate, two full-mouth sets of radiographs of diagnostic quality taken on a manikin, four full mouth periapical surveys consisting of 18 films each, four of which must be bitewings, all of diagnostic quality taken on patients, evaluation forms (student self evaluation and instructor evaluation) for all radiographs, dentist prescription for the patient radiographs, consent forms and health history forms from each student for each of their patients, and the final written and clinical examinations.

You must maintain student records for coronal polishing and pit and fissure sealants, which include but are not limited to: Patient permission for procedure, Patient health history, and written and clinical examinations for all required patients.

As an approved program, please be aware that the Board may audit your program for compliance with regulations in the event the Board deems it necessary. You must inform the Board, in writing, of any changes to the course content, facility, or faculty within 10 days of the change.

Sincerely,

A handwritten signature in cursive script that reads "Laura Fisher".

RE: Full RDA Program Approval

Dear Ms. Ovard:

We are pleased to inform you that on **September 22, 2016** the Dental Board of California (Board) granted **Full** approval to your RDA Program. Your approval number remains **CA 919**.

Please make note of your approval number, and include it on all student certificates of completion and correspondence to the Dental Board of California (DBC). This will help to identify your program as being Board-approved.

The Board will re-evaluate your program in approximately seven (7) years to determine whether continued approval should be recommended.

Graduates of your program are eligible to take the RDA licensure exam. You must continue to issue a certificate to each person who successfully completes your course and you must maintain student records for a period of at least five (5) years from the date of issuance. Records must contain the following information: radiation safety certificate, two full-mouth sets of radiographs of diagnostic quality taken on a manikin, four full mouth periapical surveys consisting of 18 films each, four of which must be bitewings, all of diagnostic quality taken on patients, evaluation forms (student self evaluation and instructor evaluation) for all radiographs, dentist prescription for the patient radiographs, consent forms and health history forms from each student for each of their patients, and the final written and clinical examinations.

You must also continue to maintain student records for coronal polishing and pit and fissure sealants which include but are not limited to: patient permission for procedure, patient health history, and written and clinical examinations for all required patients.

As an approved school, please be aware that the Board may audit your program for compliance with regulations in the event the Board deems it necessary. You must maintain records for at least five (5) years and inform the board of any changes to the course content, physical facility, or faculty within 10 days of the change.

Sincerely,

A handwritten signature in cursive script that reads "Sarah Wallace".

RE: Approved School # 186 for Electrician Trainees

Dear Ms. Heinz,

This is in regards to your request to be a State Approved School. The parameters of the approval are defined by your application that were certified or approved by either the Department of Education or the California Community Colleges Chancellor's Office for **Whole General Electrician Curriculum.**

The Electrician Certification Curriculum Committee has approved your school and a school number is assigned as stated on this letter. Your school is now posted on the Division of Labor Standards Enforcement's website at <http://www.dir.ca.gov/dlse/ECU/ElectricalTrade.html>.

Please provide the school number above to your students when registering as Electrician Trainee with the Division of Labor Standards Enforcement- Electrician Certification Unit. Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Luisa Martinez".

EMT TRAINING PROGRAM APPROVAL

Dear Mr. Hidalgo:

This letter confirms approval of the San Joaquin Valley College Health EMT Training Program. The program meets the requirements of CCR Title 22, Division 9, Chapter 2.

The program is valid until **March 31st, 2019** and your program number is **15-4004**. Please notify the EMS Division if there are any changes to staff, address, or telephone number in advance or within thirty (30) days.

This program approval is for the following personnel:

- Program Director: Jeff Mullich
- Clinical Director: Jeff Mullich
- Primary Contact: Larry Hidalgo
- Skills Sign Off: Jeff Mullich

If you intend to renew the program in the future, please submit all renewal materials sixty (60) days prior to the program's expiration date.

Please ensure the course completion record issued to students contains all of the mandated information outlined in CCR Title 22, Division 9, Chapter 2.

Thank you for your interest in providing education to EMS personnel in Kern County. Feel free to contact me by phone at (661) 868-5214 or email niswongerc@co.kern.ca.us with any questions.

Sincerely,

Chris Niswonger

San Joaquin Valley College Veterinary Technology Program
295 E. Sierra Avenue
Fresno, CA 93710
Attn: Stephanie Conrad, DVM

Inspection Number: I3 2016 230

Dear Dr. Conrad:

The Veterinary Medical Board is in receipt of your compliance documents for San Joaquin Valley College Veterinary Technology Program. These documents are satisfactory and are in compliance with the minimum standards of practice.

The Board invites you to complete the enclosed Hospital Inspection Questionnaire. Please fax the completed form to (916) 928-6849.

If you have any questions, please contact me at (916) 515-5242 or at Emily.Groves@dca.ca.gov.

Thank you for your cooperation with the inspection process.

Sincerely,

Emily Groves
Inspection Program Technician
Veterinary Medical Board

Enclosure: Hospital Inspection Questionnaire

San Joaquin Valley College ROE 2013		(Office use only)
<p>CRITICAL DEFICIENCY(IES) Critical deficiencies apply to situations that clearly result in a program's inability to meet a Standard, and/or subject students, faculty, or others to unacceptable levels of risk. Documentation of significant progress toward compliance with each critical deficiency must be achieved by the time of the program's next report to CVTEA. Lack of compliance may be considered cause for reduction of the program's accreditation status.</p> <p>It is critical that:</p>		<p>Is the Deficiency met with no further reporting required or unmet with continued reporting required? (comments); date</p>
1.	The advisory committee have representation from multiple registered veterinary technicians. (3e)	Met; 4/2013; Post site visit response
2.	Program facilities emulate contemporary veterinary facilities by removing extraneous material from surgery. (4b)	Met; 4/2013; Post site visit response
3.	An Ambu bag be added to the emergency "crash cart". (4b)	Met; 4/2013; Post site visit response
4.	Repackaged animal food containers display contents, expiration date, and lot numbers. (4d, 4e)	Met; 4/2013; Post site visit response
5.	Laboratory animal housing be consistent with the principles of animal welfare with respect to adequacy of ventilation and environmental conditions. (4d, 5a)	Met; 4/2013; Post site visit response
6.	The Program be compliant with Occupational Safety and Health Administration (OSHA) regulations and other safety considerations be addressed with respect to secondary labels on repackaged materials that are complete, safety signage, appropriate labeling of the F-air canisters, monitoring of soda lime usage, the availability of an eyewash station in the darkroom, appropriate labeling of samples, and appropriate use of personal protective equipment in laboratories. (4e)	Met; 4/2013; Post site visit response
7.	Drugs, biologics, reagents and other materials used in conjunction with animal care be currently dated. Materials used for demonstration purposes, including those that are outdated, be appropriately identified and stored. (4f)	Met; 4/2013; Post site visit response
8.	The Program be in compliance with all federal and state regulations with regard to controlled substances logs and storage. (4f)	Met; 4/2013; Post site visit response
9.	The Program have an appropriately functioning institutional animal care and use committee (IACUC); IACUC-approved animal care and use protocols be in place for all animals activities; and protocols contain all information required by AWA guidelines, including, but not limited to, numbers of animals used, frequency of procedures on animals, a consideration of alternatives was conducted, and personnel doing the teaching are qualified and properly trained. (5a)	Met; 4/2013; Post site visit response
10.	Evidence exist that all required skills have been performed by all students and have been evaluated by Program personnel using standardized criteria. (10e)	Met; 4/2013; Post site visit response
11.	Outcomes be assessed using performance of graduates on the Veterinary Technician National Examination (VTNE), Program-specific surveys of graduates and their employers, and feedback from the advisory committee, and an analysis of the results of those assessments be used for continued Program improvement. (11a, 11b)	Met; to be reassessed during 2018 site visit

San Joaquin Valley College ROE 2013		(Office use only)
MAJOR DEFICIENCY(IES) Major deficiencies apply to situations that jeopardize the ability of the program to meet a Standard. Progress toward meeting each major deficiency must be demonstrated on an annual or biennial basis. Documentation of steps taken toward compliance with major deficiencies is required. Lack of compliance within the assigned five- or six-year period, prior to the next scheduled complete evaluation, may be considered cause for reduction of the program's accreditation status.		Is the Deficiency met with no further reporting required or unmet with continued reporting required? (comments); date
It is required that:		
1.	Program facilities emulate contemporary veterinary environment with respect to the availability of examination tables and the complete labeling of surgery packs. (4a, 4h)	Met; 4/2013; Post site visit response
2.	Dogs and cats be housed in separate rooms to minimize stress and emulate contemporary veterinary practice. (4b)	Met; 4/2013; Post site visit response
3.	Office space be sufficient for the instructional, advisement, and administrative needs of the faculty. (4c)	Met; 4/2013; Post site visit response
4.	Expired controlled drugs be properly disposed. (4f)	Met; 4/2013; Post site visit response
5.	A method for handling investigation requests regarding animal care and use (a.k.a. "whistleblower" policy) be developed, approved, and posted. (5a)	Met; 4/2013; Post site visit response
6.	Memoranda of understanding (MOUs) with appropriate exit strategies be in place with critical providers of animal resources. (5b)	No; 4/2013; Post Met visit response
7.	Medical records and logs be consistent with contemporary veterinary practice standards and hard copy and computer records contain the equivalent information. (5d)	Met; 4/2013; Post site visit response
8.	Relevant library holdings, including texts, periodicals, and databases, continue to be expanded. (6a)	Met; to be reassessed during 2018 site visit
