SJVC LLRC Resource Request & Order Form

Date: 6/1/2017 Campus: Ontario

JUSTIFICATION: (Include information about the course, CLO or ILO that will be supported, and usage plan.)

Resources support campus programs

Notes:

The books for the BA program do not represent the three divisions of the BA hybrid program. The books on the shelf in the LRC are old textbooks. MA resources were heavily weeded because of the BRN visit. Anything having to do with medical programs needed to be published within 5 years. Would vary the titles on the shelf - would cover more aspects of the CJ program and future careers. Would vary the titles on the shelf - would cover more aspects of the CJ program and future careers. Most all of the CM resources are older than 5 years - resources are not timely. As a medical program, the DH resources needed to be up to date. New program - have only two resources on the shelf for Electrical. HVAC resources are limited to periodicals and old donated textbooks. Only have 1 IMT specific resource in the LRC. Will fill the need for more information in the PT program resources. All of Ontario's RT resources are out of date - all published before 2011. The only resources on the shelves for RN are their textbooks - we need other resources to provide multiple materials for study.
